Slide 68: 86 Your Current Life for the Lifestyle You've Been Dreaming Of

My Current Life Just Isn't Working! How do I live my dream life? It starts with a gut wrenching definition of what you want. This workshop will test the very fiber of what you consider success and ensure that you will leave with more than you ever imagined coming in the door with.

This is a half day workshop that's both fun and interactive. It will make individuals think really hard about what it is they truly want out of life and more importantly make them think why they don't currently have it. Anthony Von Mickle, is the author of Slide 68: 86 Your Current Life for the Lifestyle You've Been Dreaming Of. Your group will enjoy his presence as he is creative with a comedic sense of style, Ivy League education and high powered circle of influence.

Equipment Needed: Cordless Microphone, Presentation screen and projector, table to do book signings and a white board.

Workshop Cost - **\$5000**
